and treatment recommendation. Wrote full psychosocial history reports for each intake

- ◆ Typical diagnoses included mood disorders, Axis II disorders, cognitive disorders, and disorders diagnosed in childhood
- ◆ Administered, scored, interpreted, and wrote psychological evaluations, with a neuropsychological emphasis, for a wide range of clientele in a group practice setting. Ages ranged from 10 years old to 85 years old
- ◆ Actively participated as part of a dyadic team in the Department of Psychology to develop, implement, and run, as a co-therapist, a group therapy curriculum to meet the needs of the population (e.g. groups related to coping with terminal illnesses, making meaning in later life, parenting concerns, women's issues, etc.)

2008 - 2009

Amy Ray, PhD

Extern, Psychotherapy**Dwight Correctional Center**

- ◆ Provided weekly individual therapy, primarily Cognitive Behavioral Therapy, to culturally diverse female offenders with Axis I and Axis II diagnoses and a wide range of crimes, including violent crimes
- ◆ Co-led psychotherapy groups that dealt with issues of trauma, substance abuse, anger management, the relationship between thoughts, feelings and behaviors, stress-management skills, and interpersonal relationships
- ◆ Attended weekly didactic training seminars which focused on adjusting to the prison environment, professional development issues, diagnosis, and counter-transference; also attended morning meetings related to offenders on crisis watch
- ◆ Monitored the diagnoses, crimes, and out-dates for women on the Mental Health Unit to facilitate appropriate placement upon parole

2007 - 2008

Judith Kahn, PhD

Extern, Psychodiagnostic**Mental Health and Deafness Resources**

- ◆ Administered, scored, interpreted, and wrote psychological evaluations for Deaf and Hard of Hearing and culturally diverse children and adolescents in an inpatient psychiatric unit in order to arrive at a diagnosis and treatment recommendations
- ◆ Provided services to individuals from various ethnic, economic, and linguistic backgrounds who presented with developmental disorders, mood disorders, psychotic disorders, behavioral disturbances, and self-injurious behaviors
- ◆ Provided weekly individual therapy; co-led art and inpatient socialization group therapy
- ◆ Beginning level conversational and testing fluency in American Sign Language

2005 - 2006

Cheryl Brown, MA

Crisis Line Paraprofessional**Association for Individual Development**

- ◆ Engaged in active and empathic listening for clients with issues ranging from everyday adjustment issues to chronically mentally ill clients and/or developmental disabilities
- ◆ Provided assessment of suicidal lethality and coordination of crisis intervention if necessary
- ◆ Provided community service referrals
- ◆ Made scheduled "sunshine calls" to isolated members of the community to provide social interaction and medication reminders
